

Award Winning  
Family Photography

## Our Story

The Mark Nixon Studio which opened in 2001, is Ireland's leading family photography studio. Based in a custom built, state of the art photography studio on the main Clontarf Road, only 2 miles from Dublin City Centre. We specialise in creating beautiful family photography to hang on your walls.

Winner of numerous photographic awards, both at home and abroad, including "Photographer Of The Year", we have the passion, expertise and experience to make the whole Family Photo Shoot Experience a memorable and enjoyable time for everyone. The results of which will be cherished forever and passed down through the generations of your family.

We do everything in-house, from photographing to retouching, printing to custom framing. Using the best materials available, we have complete quality control of the whole process from start to finish. We guarantee you will love the results. Call us now to begin creating your own family gallery on 01 818 6630 or email [studio@marknixon.com](mailto:studio@marknixon.com).

We'd love to hear from you.

# How it Works

## Step 1 - Book your Session

Sessions are available from Tuesday to Saturday beginning at 10am with the last appointment at 4:00pm (3pm on Saturdays). Please be advised, Saturday slots are very popular and fill up early.

## Step 2 - The Planning Consultation

This is where we plan your photo shoot. We will discuss what your family are like, your kids personalities and what they're into, the best clothing to wear plus what kind of photos you would like (black & white, colour, natural or posed etc). As this is a business meeting, unfortunately no children are permitted.

## Step 4 - Design & Ordering Session

Prepare to be amazed! 2 to 8 days after your Photo Shoot, we will show you the results in our viewing room and help you design exactly what you want. All our artwork comes finished and ready for display, with a range of products to suit everyone's style and budget. As this is a business meeting, unfortunately no children are permitted.

## Step 3 - The Photo Shoot

Let the fun begin! Based on your planning session, we schedule the time needed to create natural, spontaneous images that capture your family's personalities. We promise to make it a fun filled experience for the whole family.

## Step 5 - Pick up, Delivery & Hanging Service

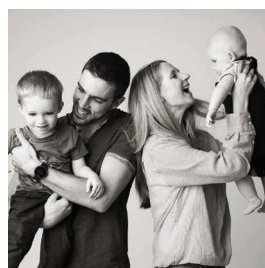

Your finished wall art and albums will be ready to be collected approximately 4 weeks after your design appointment. We print and frame everything in-house. If you live in the Dublin area, our professional framer would be delighted to deliver everything to you at home and hang your artworks on your walls (service fee applies).

// Mark never ceases to amaze me! Thank you for our gorgeous family photo and for getting the kids to smile! //

Heidi Carreiro

// Thank you for doing such a brilliant job on the photographs. We absolutely love them and so does everyone who sees them. They just take my breath away. //

Jenny Lynch
